

## **COOKIE POLICY** (version [April 2021])

The mobile applications and websites used by rhyno may use cookie technology to collect additional usage data. A cookie is a small data file created by a web server and transferred to and stored on your computer's persistent memory. Cookies contain data that uniquely identifies you during your use of our Services. We use session cookies to better understand how you use our Services, to monitor aggregate usage by our users and to improve our Services.

Most Internet browsers automatically accept cookies. However, you have the option of using your browser software to stop accepting cookies or to warn you before accepting a cookie from the websites you visit. However, if you disable or choose not to accept cookies, parts of the functionality the mobile applications and websites operated by us may be impaired or you may not have access to areas that require this type of identification. When using mobile applications, data may be stored and processed temporarily on your mobile device. By accessing mobile applications operated by rhyno you agree to the transfer and temporary storage of data.

### **Google Analytics**

We use Google Analytics to better understand, among other things, what pages users find most useful and how they navigate through the website. To learn more about Google Analytics and how to opt-out visit this Google webpage: <https://support.google.com/analytics/answer/6004245>
